

INCOBRA Webinar #13

EUREKA Globalstars Call 2018 > tapping into Brazil's innovation potential

INCOBRA

The INCOBRA project has received funding from the European Union's Horizon 2020 Research and Innovation programme, under the Grant Agreement number 692520. This publication reflects only the author's view and the Commission is not responsible for any use that may be made of the information it contains.

INCOBRA Webinar #13

Dear colleague,

On behalf of INCOBRA consortium, we would like to invite you to join our thirteenth webinar:

EUREKA Globalstars Call 2018 – Tapping into Brazil’s innovation potential

The webinar will take place on the **4th October 2018, at 1.30pm GMT** (2.30pm CET and 9.30am Brasilia’s time). The webinar will last 45 minutes and will be held in English.

The Global Stars programme was designed and launched in 2016 with the aim to increase internationalisation activities of the EUREKA members and to enable R&D collaboration with countries outside the network. With this 4th call, EUREKA aimed to build innovation bridges with Brazil.

Seven funding agencies in Europe (DLR in Germany, FFG in Austria, bpiFrance in France, CDTI in Spain, RVO in the Netherlands, Vlaio in Belgium and SERI in Switzerland) and three Brazilian agencies (FINEP, FAPESP and EMBRAPII) are participating in the recent Globalstars Brazil Call, which will be open for proposals until 31st October.

The call is open for all thematic areas; the consortium should include at least one Brazilian and one (profit-oriented, independent) company of another EUREKA member country participating in the call. Participation of research institutes and universities is welcome according to each country’s funding regulations. The project must benefit all involved partners and generate an added value through the technological cooperation between the participants.

This webinar aims at providing participants with the opportunity to get clarifications and explanations from EUREKA and the involved national/regional funding agencies. One month left, don’t miss this chance!

INCOBRA is also available to help you getting in touch with possible partners (research, industry) in Europe and Brazil.

Moderator:

- Chiara Davalli, EBN www.ebn.eu

Speakers:

- Jorge Liz, EUREKA

Confirmed Agencies:

- Alexandre Barragat, FINEP, Brazil
- Sergio Queiroz, FAPES, Brazil
- Denise de M. Neddermeyer, EMBRAPII, Brazil
- Irina Slosar, FFG
