General goal INCOBRA means *Increasing International Science, Technology and Innovation Cooperation between Brazil and the European Union.*

Focusing, increasing and **enhancing** Science, Technology and Innovation (STI) cooperation between Brazil and the European Union (EU).

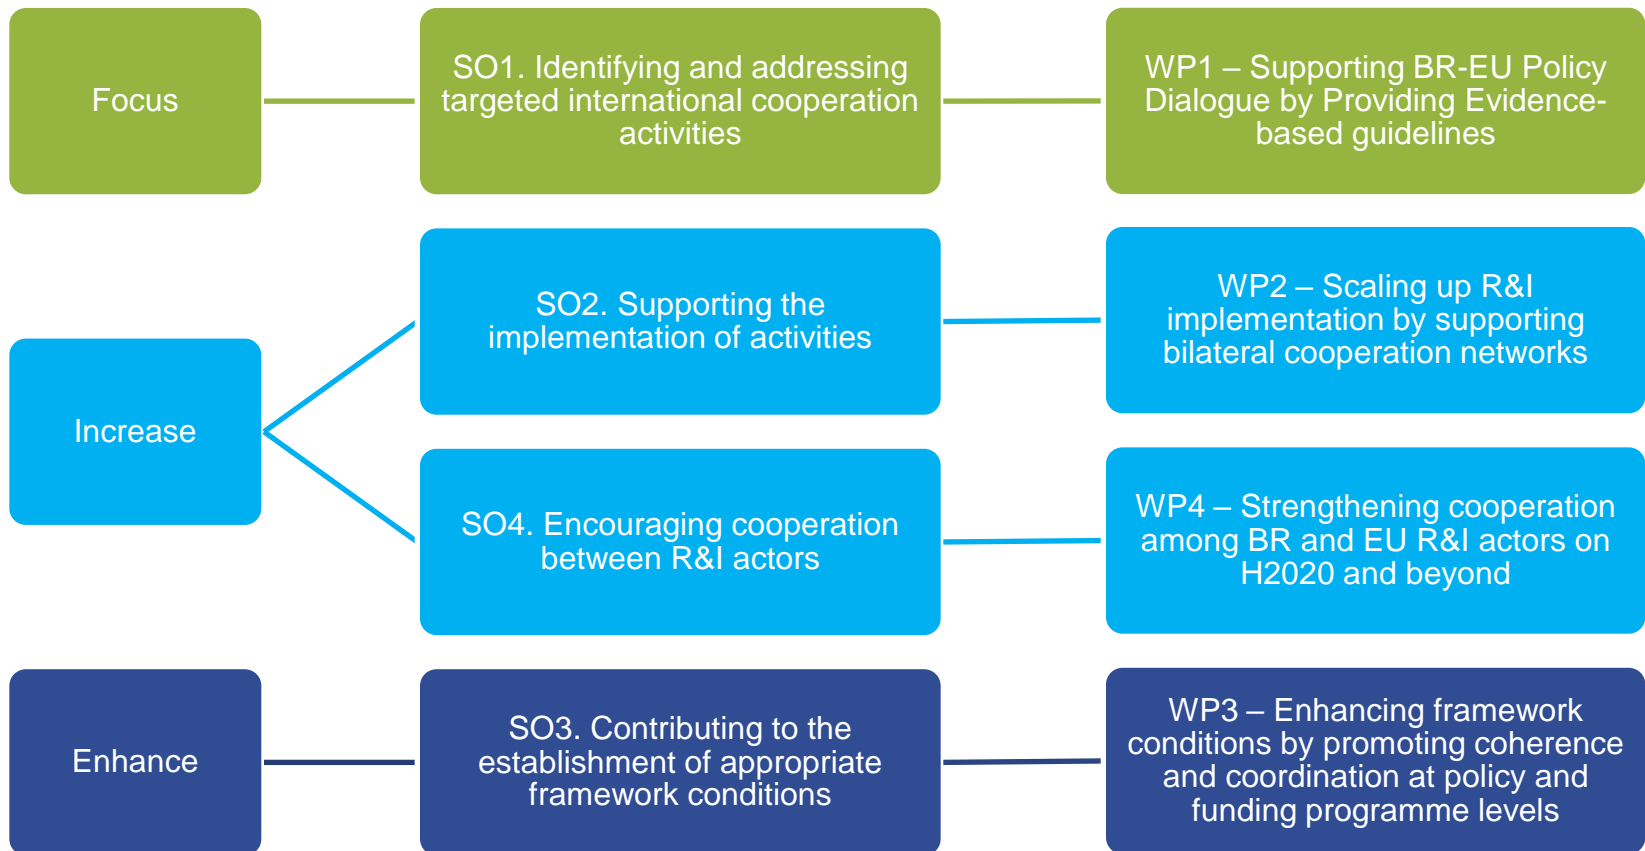

Focus – better targeted R&I cooperation activities: addressing BR-EU R&I cooperation areas (agro-food/marine research; energy, nanotechnology; ICT) and anticipating trends and opportunities

Increase – more R&I cooperation activities: more partnerships, consortia and joint R&I projects.

Enhance – improved and sustainable framework conditions for developing R&I cooperation activities: funding programmes aligned and R&I agendas coordinated.

Concept and approach

INCOBRA ensures a clear articulation between its overall objective, specific objectives and work packages.
