a Joint Programming Initiative

# JPI More Years, Better Lives

## Joint Programming Initiative „More Years, Better Lives“ (JPI MYBL):

- JPI MYBL seeks to **enhance coordination and collaboration** between European and National Research Programmes related to demographic change
  - follows **transnational multi-disciplinary approach** bringing together different research programmes and researchers from various disciplines in order to make use of the potential of societal change in Europe and provide solutions for the upcoming challenges.
- ❖ Mechanism: Joint Programming, **Calls** in 2015 / 2016 / **2017**

# Countries supporting the JPI MYBL

## 17 Members

**Austria**

**Belgium**

**Canada**

**Denmark**

**Finland**

**Israel**

**France**

**Germany**

**Italy**

**Netherlands**

**Norway**

**Slovenia**

**Poland**

**Spain**

**Sweden**

**Switzerland**

**UK**

# Aims of the JPI MYBL

1. Exploration and understanding of Demographic Change through a cross-disciplinary and holistic approach (Researcher level research outcomes targeted)
2. **Joint Programming/Alignment** of national/regional and EU programmes and activities (Joint/coordinated research policies and strategies to be elaborated)
3. **Implementation** through joint activities (ERA-NET like calls for transnational research projects and similar activities realized – “fast track” activities)
4. **Public Engagement**

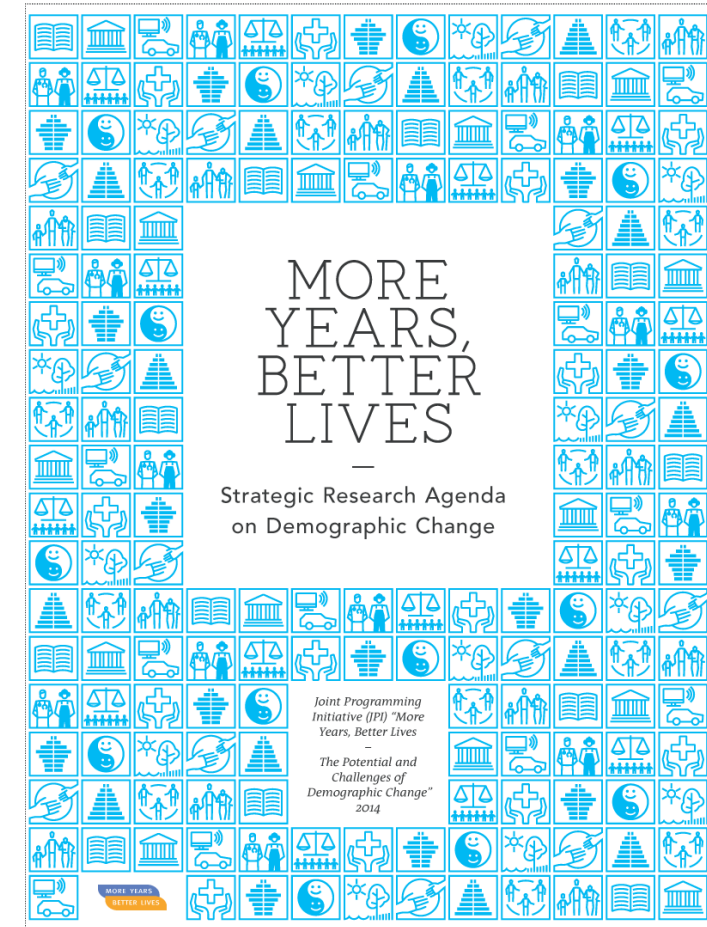

# (Joint ) Strategic Research Agenda

## 4 Research Domains

- Quality of Life, Health and Wellbeing
- Economic and Social Production
- Governance and Institutions
- Sustainable Welfare

→ 11 research topics deriving from these domains are transferred into call topics

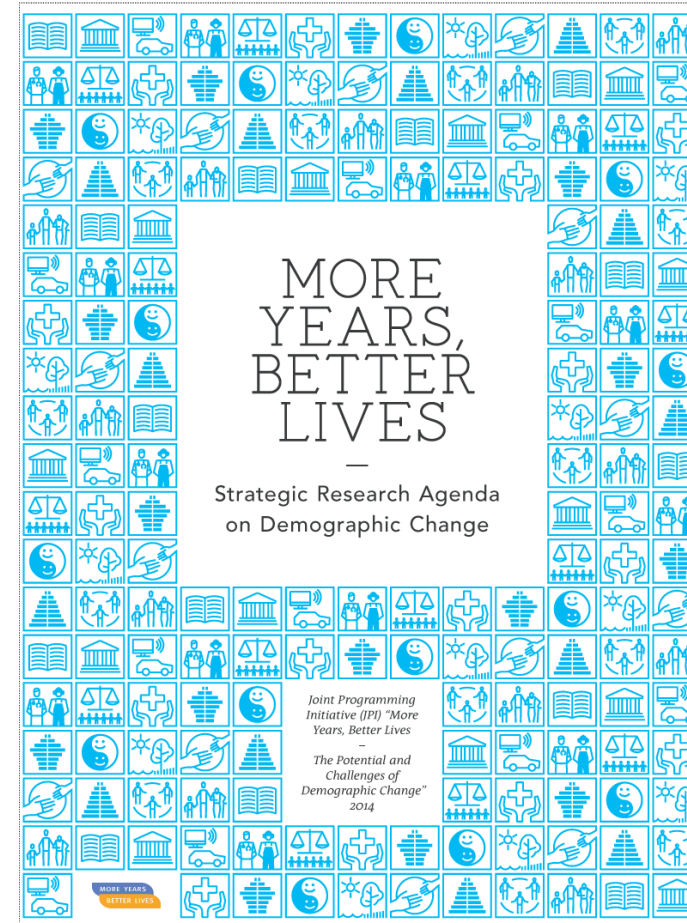

<http://www.jp-demographic.eu/about-us/strategic-research-agenda-sra/>

# (Joint ) Strategic Research Agenda

## 11 Research Topics

- Quality of life, wellbeing and health
- Learning for later life
- Social and economic production
- Participation
- Ageing and place
- A new labour market
- Integrating policy
- Inclusion and equity
- Welfare models
- Technology for living
- Research infrastructure

# Implementation

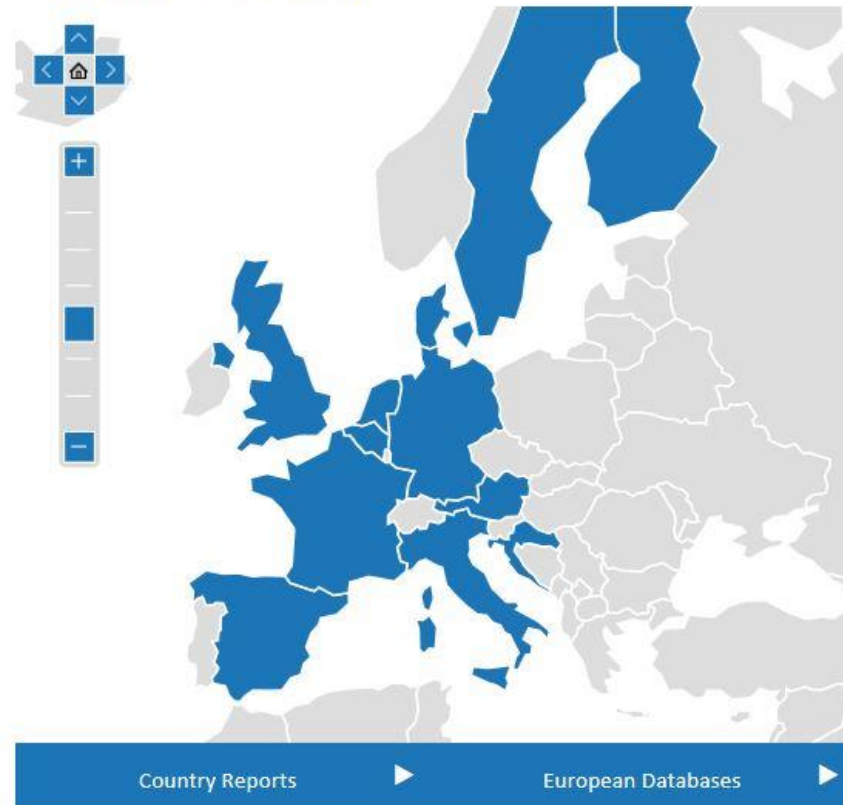

## Fast Track Activity 2013

Data Mapping [www.jpi-dataproject.eu](http://www.jpi-dataproject.eu)

### Choose a Topic

 Health and Performance	 Social Systems and Welfare
 Work and Productivity	 Education and Learning
 Housing, Urban Development and Mobility	 Public Attitudes towards Old Age
 Social, Civic and Cultural Engagement	 Uses of Technology
 Wellbeing	 Intergenerational Relationships

### Choose a Country

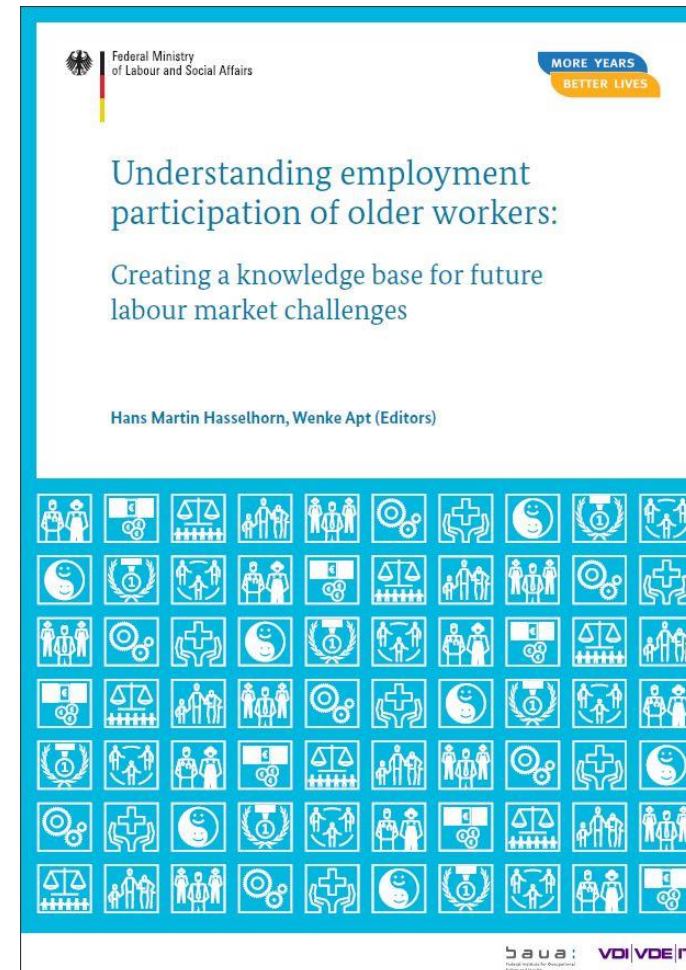

The map shows Europe with a blue overlay. Navigation controls include a directional pad, a home button, a zoom-in (+) button, a zoom-out (-) button, and a mouse cursor. At the bottom, there are two buttons: "Country Reports" and "European Databases", both with right-pointing arrows.

# Implementation

## Fast Track Activity 2014

Understanding employment participation of older workers:  
Creating a knowledge base for future labour market challenges

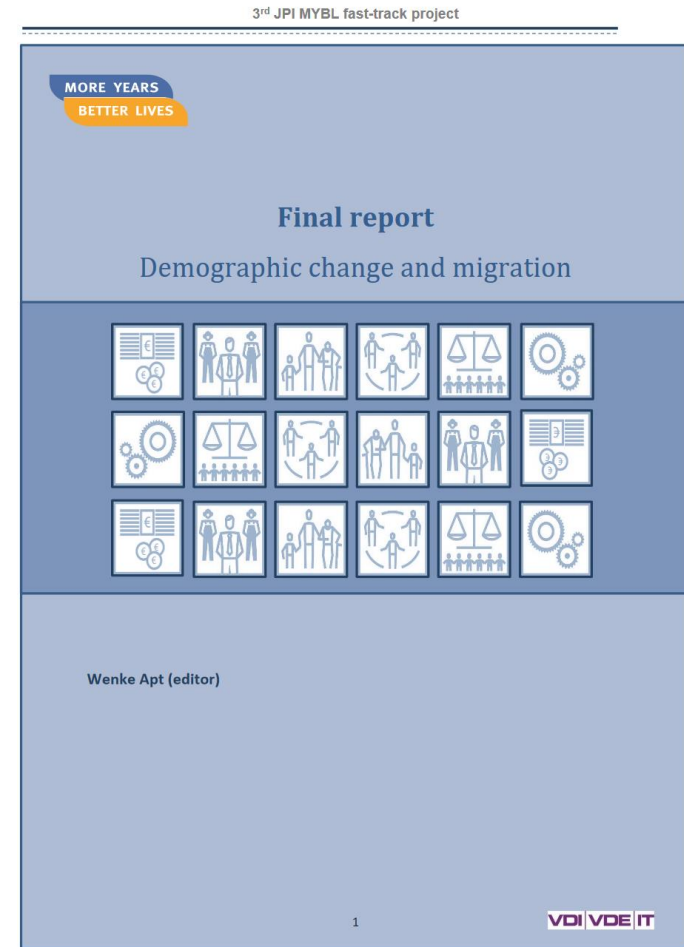

# Implementation

## Fast Track Activity 2017

### Demographic change and Migration

The focus of the report is on the implications of migration for an ageing society (and not migration overall).

# Joint Transnational CALLS 2015-2017

- **2015: Extended Working Life and its Interaction with Health, Wellbeing and beyond**
  - 5 projects granted
- **2016: Welfare, Wellbeing and Demographic Change: Understanding Welfare Models**
  - 5 projects granted
- **2017: Ageing and place in a digitizing world**
  - 8 projects granted

<http://www.jp-demographic.eu/calls>

# JPI MYBL third joint call

This Call is concerned **with the ways** in which **health and wellbeing** of older people, at **all stages of later life**, is supported and promoted through the design of the **social and physical environment**, **access** to opportunities to **learn**, and the **use** of **technologies of all kinds**.

<http://www.jp-demographic.eu/calls>

# Equality and Wellbeing - An exploratory Programme

**The Challenge** - Demographic change affects:

- How resources and opportunities are distributed
- The wellbeing of individuals

We do not understand the nature of all these changes, nor how policies might influence the effects

**The aim** of this programme is to better understand what can be done, in the context of demographic change:

- **To promote** a fairer society.
- **To improve the quality of life, wellbeing and health** of individuals across the lifecycle

# Equality and Wellbeing - An exploratory Programme

## 8 topics:

- Public attitudes to ageing
- Policies and strategies which ensure engagement of older people
- Changing intergenerational relations and policies
- The relationship between paid and unpaid work
- Ways of integrating public policy
- Measuring wellbeing for older people
- The role of migration in demographic change
- The experience of the oldest old

Reports will be available autumn 2018

# Favorable (Pre)conditions for a Participation in MYBL

- **MYBL** research topics are subject to **national research policy** and funding
- **Research in the subject** is undertaken (or shall be undertaken) with national resources
- **Openness** to international cooperation (sharing of national political goals, cooperation of researchers in the European and global Research Area, sharing of results etc)
- (Capacity to contribute to the activities of the JPI MYBL (ministry-level and/or agency level and/or researcher level)).

# Modes of participation – (Complete) Membership

## The JPI MYBL ...

- is a bottom-up initiative that **depends on voluntary contributions** from its members.
- is **open to any interested Member State (MS), Associated State (AS) to the EU or Third Countries**.
- is working in **varying groups**: It is not obligatory that the members participate in all joint actions. Each member can actively participate in those activities identified as best fitting into the respective national strategy.
- has a policy orientation : official **backing from ministry or dedicated government organization is necessary**.

## For becoming a member ...

- the requesting country needs a mandate of their National Ministry or dedicated governmental organization (template provided by the Secretariat)
- national representative(s) can be introduced to the General Assembly of JPI MYBL.
- There is no entrance fee to be paid to be a Member of JPI.
- Membership in the JPI can be terminated at the end of a calendar year.

<http://www.jp-demographic.eu/about-us/how-to-become-a-member/>

# Potential Modes of participation

## – Active Participation without Membership

### A Join the group that is organising the call and funding the national research groups

join MYBL Call (e.g. 2017) as a funding organisation without being a member of JPI MYBL

→ contact the secretariat of JPI MYBL ([jpimybl@zonmw.nl](mailto:jpimybl@zonmw.nl)) for further information.

And/or

### B Participation in research projects

**Research groups from countries outside MYBL and the call group may join research consortia** that apply for funding in MYBL transnational calls, if...

- they are able to secure their own funding. Such Participants should state in advance the source of funding for their part in the project.
- the majority of participant groups in a consortium are eligible to be funded by the funding (member) organisations/ministries participating in the call
