

The São Paulo Research Foundation – FAPESP

FAPESP 50 ANOS

Research for Technological Innovation in SMEs – PIPE

- SMEs up to 250 employees
 - Two phases (similar to SBIR/NSF)
 - For the EUREKA-GlobalStars call: only Phase 2
 - Requirements for the PI related to experience and competence in the area of the project, not to formal degree
 - PI must be an employee of the SME (research carried out within the firm)
 - Money is intended to solve a research problem (Fapesp supports research)
-

Research for Technological Innovation in SBs – PIPE

Phase 2

- To develop the research
- Up to 2 years
- Up to R\$ 1,000,000 per project
- Outsourcing limited to 1/2 of the total budget, including consultancy services

Two main criteria

- Quality of the project (research well designed, sound methodology, strong PI and team etc)
- How innovative is the solution envisaged (plus budget, time schedule etc)

Call GlobalStars/EUREKA

- Call manager
